## Bollinger PN VZ19

---

**Price** £94.99  
**Code** BOLL175

PN VZ19 is the fifth interpretation in a series that will be released every year, always with a focus on one of Bollinger's Pinot Noir crus, or villages. Each year the cuvee will be an expression of a different cru from the base year that highlights its distinctive terroir and taste. PN VZ19 highlights Verzenay (VZ) which makes up 40% of the blend with the balance from Aÿ, Avenay, Louvois, Mutigny & Tauxières. The blend features 52% from 2019 and 48% of Bollinger's reserve wines with the oldest from 2009.

### Tasting Notes:

The first nose is very expressive with a full aromatic bouquet. The dominant fruit is ripe peach and lemon with subtle sweet spice. The palate complements with lots of minerality and a hint of salt. The warmth of the year can be sensed the textured fleshiness and juicy-fruity power. At the same time the wine projects immaculate precision and length.

FAMILY WINE MERCHANTS SINCE 1906

Specification	
<b>Vinification</b>	2019 was a hot year which made for a hot, dry vintage. Alternating periods of hot and cold weather began in winter, with temperatures rising to 20°C in February. In April and May, spring frosts hit 1000ha of vineyards in Champagne, which mildly affected Bollinger's vineyards in Aÿ and Cuis. This spring weather gave way to rainy conditions, forcing the Maison's teams to be vigilant faced with the threat of mildew. Flowering was delayed by these changeable weather conditions, which were followed by heat waves and a record high temperature of 41°C on the 25th of July. Sunburned grape clusters reduced yields still further and drought conditions during August and September encouraged grapes to ripen quickly. Despite the difficult weather conditions through out the year, the harvest was remarkable. Thanks to their crop of extremely healthy grapes, Bollinger could expect a beautifully ripe vintage which gave rise to a delicate, complex wine. More than 50% vinified in oak barrels.
